

How to Synergize the Adaptation and IWRM

Dr. Apichart Anukularmphai
President : Thailand Water Resources Association

Reasons to synergize the two

- **IWRM as a process is open to improvement**
- **Adaptation strengthen improvement**
- **No fix rule or blue print for IWRM**

Various levels of IWRM Initiative

- **Initiation stage**
 - **Awareness and capacity building**
 - **Networking**
- **Implementation stage**
 - **Political will**
 - **Institution set-up**
 - **Financing**
- **Sustainable (maturing) stage**
 - **Management tools in place**
 - **Active stakeholders participation**
 - **Bottom up planning and decision making process**
 - **Integration of local knowledge**

IWRM applicability to other sectors

- **IWRM as a process of enabling stakeholders to address, plan and manage resources which are vital to their livelihood**
- **Thus IWRM is applicable to better management of other resources which basically are inclusive of Natural resources not limit to only water**

Financing IWRM

- **Financing is the key challenge to the success of IWRM**
- **The need to develop successful indicators**
- **Mechanism to balance financial incentive and self motivation**

How to promote IWRM regionally

- **Campaign to raise political awareness and commitment**
- **Promote and dissemination of lessons learned from successful IWRM cases**
- **Strengthen regional cooperation through exchanges of experiences**

Climate Change and IWRM

- **IWRM can enhance awareness of climate change and ready the adaptation to face the change**
- **Balance view on scientific results and exaggerated forecast**

I thank

you
