

The  $9^{th}$  AWCI International Coordination Group (ICG) Meeting 29-30 September, 2012 T o k y o , J a p a n

BO

ork of Asian River Basin Organizatio

30 September 2012 University of Tokyo, Japan

Tadashige KAWASAKI NARBO Secretariat / Japan Water Agency

## NARBO is a network for River Basin Organizations for effective IWRM .

NARBO AN Network of Asian River Basin Organizations

- ✓ NARBO aims to achieve IWRM in Asia by sharing experience and knowledge to improve water governance.
- ✓ NARBO helps to establish and enhance capacity of River Basin Organization (RBO).

### **RBO** is a practitioner of IWRM.

## NARBO

Network of Asian River Basin Organizations

### Established in 2004 76 Organizations from 16 countries

## Major NARBO Activities

NARBO A

### Training & Workshop

Website & Newsletter

### Twinning Program

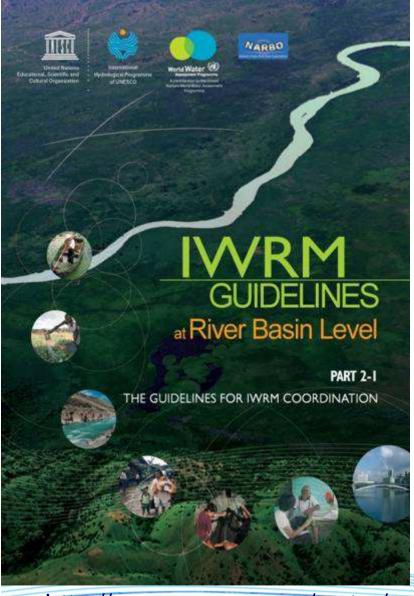

### Sharing Experience, Knowledge, Engineering and Information

### International Seminar on Corporate River Basin Organization in Asia (Indonesia, 14-16 June, 2011)

RBO

Discussion Points ; Strengthen and weaknesses of existing types of RBOs in Asia; (ii) application and performance of corporate and quasi-corporate RBOs; and (iii) how governments can determine an appropriate RBO model.

# WRW Guidelines at River Basin Leve

Message for Decision & Policy Makers and Water Managers on Adaptation to Climate Change through Integrated Water Resources Management at river Basin Level

RBO

#### **11 messages**

Message 4 : IWRM is a practicable tool for adaptive management Message 5 : Strengthening governance at national and at river basin level is key Message 9 : Operations should work with existing infrastructure

CRBOM

Workshop on Climate Change Projection and Adaptive Management in IWRM at NARBO's 4<sup>th</sup> General Meeting (November, 2010, Makassar, Indonesia)

### **Discussion Points**

- (i) How science can be utilized in adaptive water
  - resources management
- (ii) How model-generated projections of future
  - climate can be used in IWRM/adapti
  - management
- (iii)How managers of river basins can best prepare for the impacts of a changing climate

## Workshop on Climate Change Projection and Adaptive Management in IWRM

RBO

### **Highlights**

Network of Asian River Basin Organizations

 ✓ Knowledge on climate change adaptation at global level needs to be harmonized with strategies at local and river basin level
✓ Need for NARBO's assistance in predicting / forecasting changes in rive or sea levels through data exchange and networking

### Enhancing

NARBO

### ✓ Effective IWRM in member countries

- i; 1<sup>st</sup> IWRM Executive Retreat on Leadership in River Basins
- ii; Promoting National Chapter (e.g. Indonesia NARBO)

- ✓ Networking with scientists and other network
  - i ; GEOGEO-UNESCO Joint Workshop on Earth Observations and Capacity Development for Integrated Water Resources Management at River Basins in Africa (Nairobi, KENYA 12-16 January, 2012)
  - ii ; The 5<sup>th</sup> GEOSS Asia-Pacific Symposium (Tokyo, 2-4 April, 2012)

## NARBO Activities in 2012-2013

- 7<sup>th</sup> IWRM Training 5<sup>th</sup> General Meeting
- 2<sup>nd</sup> Asia-Pacific Water
