

Summary

- We are now trying to merge previous activities of the former GAP and former CEOP and come up with an strategic implementation plan we can present to the GEWEX BSG!
- In order to do this, we need to know what the objectives, milestones, and contributions to the GEWEX roadmap of each of the elements of the new CEOP, individually and collectively, are going to be.
- We will use this input to write the new CEOP plan, which will be presented at an annual CEOP meeting to be held each fall from now on. We need preliminary input by June 1 from all of the GEWEX RHPs and CEOP working groups.
- The next CEOP meeting is scheduled for Bali, Indonesia Sept. 6-7, 2007.
