

JAXA's Satellite Datasets for CEOP Phase 1

1. Reference site: 35 Points

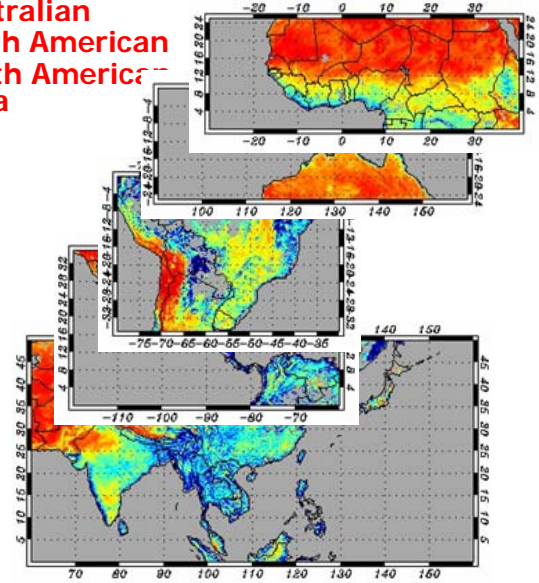

3. Global

2. Monsoon Region

- > North African
- > Australian
- > South American
- > North America
- > Asia

Level1 : Radiance

Level2 : Geophysical Parameter

Level3 : Statistic geophysical product

JAXA's Satellite Datasets for CEOP Phase 2

- JAXA is a data provider
- Need coordinated requirements for datasets from the CEOP user community
- Currently plan to produce the same datasets from January, 2007 to present time based on the request from Prof. Koike
- Studying to add Daichi (ALOS) Data
- Limitations: depend on budget
